Sishir Gope

AI & ML Developer | Autonomous Systems, IoT & Embedded
Projects | Python | ADAS & HCI Research Intern | CSE @ IEM
Kolkata | JLPT N5

Kolkata, West Bengal, India

Experience

IEM Center of Excellence for Data Science

ADAS Research Intern

January 2026 - February 2026 (2 months)

Kolkata

Mentor: Dr. Subhadip Chandra

Project Title: Adaptive Forward Collision Avoidance in Autonomous Driving for
Unstructured Traffic Patterns using CARLA Simulator

- Developed a complete autonomous driving stack for Indian traffic conditions with a nine-state FSM behaviour planner, LiDAR-Radar-Camera sensor fusion, and PID/Pure Pursuit control
- Implemented a greedy global router with route-anchored lane-change trajectory generation, achieving 95% route completion and 85% overtaking success across 100 simulation trials

Google Cloud Arcade Facilitator Program

Contributor

January 2025 - June 2025 (6 months)

remote

Facilitated the Google Cloud Arcade Program, an initiative designed to gamify cloud learning. Responsible for driving engagement and providing technical support to a cohort of learners as they navigated Google Cloud Skills Boost labs.

Education

Institute of Engineering & Management, Kolkata

· (2024 - 2028)
